The 2013 Best in KLAS Awards: Medical Equipment & Infrastructure report provides a summary of the KLAS performance ratings gathered over the past 12 months for medical equipment & infrastructure vendors in 37 market segments. Each segment includes vendor products ranked according to their KLAS performance scores, compiled from the feedback of healthcare providers at physician offices, clinics, hospitals, and IDNs in North America.

We received a top score vs. our competitors

Products are evaluated based on five categories:

- General
- Sales and Contracting
- Implementation and Training
- Functionality and Upgrades
- Service and Support

Ranking	Vendor	Product	Score
1	Philips	PW TC70	83.5/100
2	GE	Mac5500	81.6/100
3	Mortara	Eli 350	74.0/100
